

Eyes

North Mississippi Allstars

I ain't never been to heaven
But I've been told
In heaven doesn't got no sweet jelly rolls

I can't take my eyes off you
I can't take my eyes off you
I can't take my eyes off you
I can't take my eyes off you

It must've been the devil
Came between you and I
You were a ramblin' woman with a ramblin' mind

I can't take my eyes off you
I can't take my eyes off you
I can't take my eyes off you
I can't take my eyes off you

I can't keep my eyes off you, baby
I can't keep my eyes off you, girl
I can't keep my eyes off you, baby

Waitin' on my wings
We'll be side by side
Riding two white horses where the eagle bird flies

I can't take my eyes off you
I can't take my eyes off you
I can't take my eyes off you
I can't take my eyes off you

I can't keep my eyes off you, baby
I can't keep my eyes off you, girl
I can't keep my eyes off you, baby
