Hurry up sunrise
Hurry up sunrise
See what tomorrow brings
It may bring sunshine
It may bring sunshine
It may bring rain

Hurry up sunrise
Hurry up sunrise
See what tomorrow brings
It may bring sunshine
It may bring sunshine
It may bring rain

Where were you when the rooster crow for a day
Lord I wasn't home, sure enough on my way
Done got late, got my work to do
Wouldn't have been here if it hadn't of been for you

Hurry up sunrise
Hurry up sunrise
See what tomorrow brings
It may bring sunshine
It may bring sunshine
It may bring rain

Hurry up sunrise
Hurry up sunrise
See what tomorrow brings
It may bring sunshine
It may bring sunshine
It may bring rain

I thought I heard the way you call my name
Called so loud, called so doggone plain
Remember the day you told me from your door
Go away, daddy, you can't use me no more

Hurry up sunrise
Hurry up sunrise
See what tomorrow brings
It may bring sunshine
It may bring sunshine
It may bring rain

Hurry up sunrise
Hurry up sunrise
See what tomorrow brings
It may bring sunshine
It may bring sunshine
It may bring rain

Done got late, got my work to do
Wouldn't have been here if it hadn't of been for you
Look down and dirty that's the way we do

Hurry up sunrise

Hurry up sunrise
See what tomorrow brings
It may bring sunshine
It may bring sunshine
It may bring rain

Hurry up sunrise
Hurry up sunrise
See what tomorrow brings
It may bring sunshine
It may bring sunshine
It may bring rain
