

Take Yo Time, Rodney

North Mississippi Allstars

I don't know how can a woman
do a man so wrong.
She can run around all night
don't never come home

I walk the streets all night
looking for that girl of mine
found her sloppy drunk
down at the county line.

(refrain)
Oh Lord so wrong (2)
OH LORD IT'S (?SHE'S?) too far gone

Had all I can stand
you know wrongin for????????????????????
Someone's come up missing
I'll be long gone

refrain

She's shaking on a leaf
trailing on a tree
She can't look me in the face the way she's been doing me

refrain
