If your bed break down baby
We'll make it down on the floor
Make it long and easy right behind your door
please baby, please baby, please baby, please baby
Give me a little more time
Cause I jus' wanna get herry with that teasin brown of mine, te
asin brown of mine
I me mine
I just wanna get herry with that teasin brown of mine, teasin b
rown of mine

Sun goin' down, you know what you promised me
I feel lonesome, you know what you promised me
please baby, please baby, please baby, please baby
Give me a little more time
Cause I jus' wanna get herry with that teasin brown of mine, te
asin brown of mine
I me mine
I just wanna get herry with that teasin brown of mine, teasin b
rown of mine

I got something to tell you just before I go

I feel like rumblin, got no place to go
Baby my home ain't here, it's somewhars up the road
please baby, please baby, please baby, please baby
Give me a little more time
Cause I jus' wanna get herry with that teasin brown of mine, te
