The scent of lies is in the air tonight
The scent of lies is in the air tonight
The scent of lies is in the air tonight
We dance in a spell of lust
Those eyes of yours I cannot trust
The scent of lies (the scent of lies) is in the air tonight
We dance in a spell of lust
Those eyes of yours I cannot trust

So act all innocent even though we have seen your true face Stop lying to yourself You're nothing but a fucking disgrace You're a fucking disgrace

How can you trust anyone if you can't even trust your friends? A masquerade of lies will kill us all in the end
The worst part of it all is I'm exactly the same
I'm looking around the room
I'll be the first one to blame
The scent of lies is in the air tonight
We dance in a spell of lust
Those eyes of yours I cannot trust
The scent of lies (the scent of lies) is in the air tonight
We dance in a spell of lust
Those eyes of yours I cannot trust

Take another look inside of yourself Look at the mess you've made Take another look inside of yourself Stop living in a masquerade You're just a two-faced piece of shit I'll make sure all you cowards quit So hide yourself behind a mask In a room of double faces You can never hide what's in your past Nothing changes at all, I'm still exactly the same I'm looking around the room I'll be the first one to blame The scent of lies is in the air tonight We dance in a spell of lust Those eyes of yours I cannot trust The scent of lies (the scent of lies) is in the air tonight Those eyes (those eyes), those eyes

To everyone who's held me up and everyone who's brought me down I will never forget your faces, your voices
To everyone who's held me up and everyone who's brought me down I will never forget your faces, your voices

Wink and smile for a while behind a mask In a room of double faces You can never hide what's in your past
