

## Not Only Women Bleed

Nostradameus

I turn the page and close my eyes  
Our fairytale is over now  
Forever lost inside a dream  
That won't come true again, it's gone

My heart is crying your name  
The memories I have are slowly killing me inside  
Am I the one to blame?  
I'll die in your arms  
You know, not only women bleed...

Well, I just don't know what to say  
Beyond the horizon there's a better day  
Where we could stay...  
Forgive me my crime  
The sleep embracing me one last time...

My heart is crying your name  
The memories I have are slowly killing me inside  
Am I the one to blame?  
I'll die in your arms  
You know, not only women bleed...

My heart was crying your name  
The memories I had were slowly killing me inside  
Will never be the same  
I'll die in your arms  
You saw, not only women bleed...

My heart was crying your name  
The memories I had were slowly killing me inside  
Will never be the same  
I'll die in your arms  
You saw, not only women bleed...
