

# The Prophet Of Evil

Nostradameus

Somewhere in time  
In a far away place  
A wonderful country  
is falling from grace

They don't know it yet  
But theese times will come  
When a cleanhearted young man  
Will be standing alone

To fight what is evil  
For the dream they once had  
Will the ending be happy  
Or will it be sad...
