

Nightflight

Novaspace

Dark is the night frightful silence around
Only the moonlight shining there's not a sound
I'm not afraid 'cause you're here by my side
You'll be my shelter and hold me so tight

I have every trust in you
There is nothing I won't do

Oh take me on a nightflight nightflight nightflight
The others fall asleep and we fly away

Oh take me on a nightflight nightflight nightflight
We fly through the night
'Til we meet the day

Up and away oh baby right in the night
Never been flying so high as a kite
This night I'm havin' the time of my life
It's so exciting we're higher than high

I won't need no sleep tonight
Never stop it feels so right
