

# Leaving This

## Novembers Doom

For many years you've been my life, I've been thankful for our  
time  
From rainy days to snow filled nights, you've always been there  
for me

And nows the time I say farewell, for I'm leaving this all behi  
nd me  
To walk away with tears and pride, mourn not the loss, honor th  
e memory

For lives I've touched, and those returned, this was only a mom  
ent in time  
I need you to know before I'm gone, It's always been for you

And nows the time I say farewell, for I'm leaving this all behi  
nd me  
To walk away with tears and pride, mourn not the loss, honor th  
e memory

I will miss our days of glory, along with the hardship and loss  
It's all been a friend to me, in the end, this reflection I'll  
embrace

And nows the time I say farewell, for I'm leaving this all behi  
nd me  
To walk away with tears and pride, mourn not the loss, honor th  
e memory
