

Caterpillar Playground

Nurses

Sing something wonderful
Sing something horrible

Cuz they said something new
How much more could you ever do
You said something more
How much ? could you ever do
You paint them off
Paint them off

I was echoing the sunrise
talking with the rain
and you were walking
with the sunshine echoing the something

Cuz they said something new
How much more could you ever do
You said something more
How much ? could you ever do
You paint them off
Paint them off

I was echoing the sunrise
talking with the rain
and you were walking
with the sunshine echoing the something

Cuz they said something new (2,3,4,1,2,3,4)
How much more could you ever do
You paint them off
Paint them off
With our disease
