Sing something wonderful Sing something horrible

Cuz they said something new
How much more could you ever do
You said something more
How much ? could you ever do
You paint them off
Paint them off

I was echoing the sunrise talking with the rain and you were walking with the sunshine echoing the samething

Cuz they said something new
How much more could you ever do
You said something more
How much ? could you ever do
You paint them off
Paint them off

I was echoing the sunrise talking with the rain and you were walking with the sunshine echoing the samething

Cuz they said something new (2,3,4,1,2,3,4) How much more could you ever do You paint them off Paint them off With our disease
