

O.T.W.N.

O-Town

I have patiently waited for you
Without an assurance you'd ever come through
I can't help but feel how I do, but I do
I would steal all the stars from the night
But they don't compare to the spark in your eye
There's no doubt about it I tried, yeah I tried

You can't keep me away
With a thousand foot steel barricade
There's nothing you do that can keep me from you, ain't no way

Cause I know where you are
Don't matter how far you go
I'll find a way to get there today no matter what
And you don't have to call
Matter of fact I was there before you thought about calling
I'm on the way now
I'm on the way now
I'm on the way now

I'm on the way now (on the way, on the way, on the way)
On the way now (on the way, on the way, on the way)

If I could clear all the clouds out the sky
I'd light that thing up like the 4th of July
If all else fails follow your guide, I'm right by your side

You can't keep me away
With a thousand foot steel barricade
There ain't nothing you do that can keep me from you, ain't no way

Cause I know where you are
Don't matter how far you go
I'll find a way to get there today no matter what
And you don't have to call
Matter of fact I was there before you thought about calling
I'm on the way now
I'm on the way now
I'm on the way now

(I'm on the way now)
Never gonna let, never let you down
(I'm on the way now)
Never gonna let, never let you down

Cause I know where you are
Don't matter how far you go
I'll find a way to get there today no matter what
And you don't have to call
Matter of fact I was there before you thought about calling
I'm on the way now
I'm on the way now
I'm on the way now

I'm on the way now (on the way, on the way, on the way)
On the way now (on the way, on the way, on the way)
