

# Playing With Fire

O-Town

I feel you like a sawed-off aimin' at my back  
So I take a walk and fight to turn my head  
Just one look and I'll remember too much  
I won't barely know how good it was

But it's been so long  
Yeah, and I still get a feelin'  
So strong!

You know you can't be mine!  
The story as the flames go wild  
Look at what a spark ignited, baby  
You got me playing with  
You got me playing with fire, aye y-ya y-ya y-yeah  
You got me playing with  
You got me playing with fire, aye y-ya y-ya y-yeah

Oh, you know the feeling when you love someone  
Nothing good comes up, yeah  
Oh, you're such a drug to me, feels like ecstasy  
Followed by misery

Oh, but when we cross that line  
Yeah, it feels so right!

You know you can't be mine!  
The story as the flames go wild  
Look at what a spark ignited, baby  
You got me playing with  
You got me playing with fire, aye y-ya y-ya y-yeah  
You got me playing with  
You got me playing with fire, aye y-ya y-ya y-yeah

I feel like a sawed-off aimin' at my back  
You pull the trigger, put a bullet through my chest  
Girl, your love is killing me slowly  
Pulling me so deep, got me so lonely, baby

You know you can't be mine!  
The story as the flames go wild  
Look at what a spark ignited, baby  
You got me playing with  
You got me playing with fire, aye y-ya y-ya y-yeah
