

Rewind

O-Town

What if I told you minutes can turn to water?
What if I told you we can get back where we want to?
Oh, we could rewind, baby you and I, we could rewind

What if I told you that days are really an ocean, girl?
What if I told you these arms are meant to hold you?
We could rewind, baby you and I, we could rewind

When love was a drug, we couldn't get enough of each other
Baby, every night
Rewind

What if I told you that I'm not the man I used to be?
What if I told you "Just give me one shot and then we'll see"?
Just rewind, baby you and I, we could rewind

When love was a drug and we couldn't get enough of each other
Baby, every night, you and I
When love was a drug, we couldn't get enough of each other
Baby, every night, let's just rewind

When love was a drug we couldn't get enough of each other
Baby, every night, you and I
When love was a drug we couldn't get enough of each other
Baby, every night, you and I, I

Stop, rewind, pause, why?
Live in this moment in time, stimulating body and mind
You and I, we're turning back the clock to when you were mine, all mine

Let's turn back the clock now, baby you and I, baby you and I, yeah
Let's turn back the clock now, baby you and I, baby you and I
Let's turn back the clock now, let's turn back the clock now
Baby you and I, baby you and I, rewind, we can rewind

Let's turn back the clock now, baby you and I, baby you and I, yeah
Let's turn back the clock now, baby you and I, baby you and I
Let's turn back the clock now, let's turn back the clock now
Baby you and I, baby you and I, rewind, we can rewind

What if I told you that love was a drug and we couldn't get enough of each other?
Baby, every night, you and I
Love was a drug and we couldn't get enough of each other
Baby, every night, let's just rewind

Bring it back...

You're a cocaine
Where the hell do I begging?
You took me places that I never ever never been
We're cookin' bitch, that's Mr. Pinkman
Hearin' the clock tick, now that's just the weekend
You're on that super chronic, you're straight from the stars
I said I'd never try it, now I need more and more
Are you all for?
Just let me swing back the hands...
