

Whatchawannado

O-Town

I got something real baby it's the thirst
I'm trying new things and you're my first
You put the thing down flip and reverse
Girl don't be afraid you can make it hurt

With you hoo hoo I lose all control
With you hoo hoo I stopped sweating that a while ago
And I don't want this to end
And I'll be down for whatever if you'll be my baby

I just wanna do whatchawannado
So whatchawannado (hoo hoo)
I just wanna do whatchawannado
So whatchawannado (hoo hoo)

If we can find a place where no one knows
Then we can take off all our clothes
And we can be free like were supposed to be
No need to pack your bag when you come with me

With you hoo hoo I have lost all control
With you hoo hoo I stopped sweating that a while ago
And I don't want this to end
And I'll be down for whatever if you'll be my baby

I just wanna do whatchawannado
So whatchawannado (hoo hoo)
I just wanna do whatchawannado
So whatchawannado (hoo hoo)

Tell me tell me whatcha wanna do
Tell me tell me whatcha wanna do
Tell me tell me whatcha wanna do
Whatcha wanna do
Tell me tell me whatcha wanna do
Tell me tell me whatcha wanna do
Tell me tell me whatcha wanna do
Whatcha wanna do
(Yeah yeah, yeah)

No (no) no I don't (no I don't)
No I don't need nobody else
I'll keep your body to myself
No (no, no) no I don't (no I don't)
No I don't need nobody else
Girl your body is bad as hell

Whatcha wanna do

I just wanna do whatchawannado
So whatchawannado (hoo hoo)
I just wanna do whatchawannado
So whatchawannado (hoo hoo)

Tell me tell me whatcha wanna do
Tell me tell me whatcha wanna do
Tell me tell me whatcha wanna do

Whatcha wanna do
Tell me tell me whatcha wanna do
Tell me tell me whatcha wanna do
Tell me tell me whatcha wanna do
Whatcha wanna do
