I will remain (undefeated)
A new reign, at the top of the food chain
I will remain (undefeated)
Never back out cause they get what I'm about
I will remain (undefeated)

Go ahead, and do your best
There's fire in my head, condition in my chest
I'll defend with this lactic aid
Keep running your mouth, I won't lose sleep

All call, I'll rise on the tip of your tongue No one, your song shall be left unsung Freedom like my own choice Wide awake, I'll raise my voice

So raise your voice, raise your voice And open fight to never let up We're living it up, won't ever let up So raise your voice, raise your voice And open fight to never let up And if I fall I'll rise back up

I will remain (undefeated)
A new reign, at the top of the food chain
I will remain (undefeated)
Never back out cause they get what I'm about
I will remain (undefeated)

Real to, bring you one more time Walls I'll break through, mountains I'll climb Those sheep, but my actions speak Keep spreading lies, you act like sheep

All call, I'll rise on the tip of your tongue No one, your song shall be left unsung Freedom like my own choice Wide awake, I'll raise my voice

So raise your voice, raise your voice And open fight to never let up We're living it up, won't ever let up So raise your voice, raise your voice And open fight to never let up And if I fall I'll rise back up

Alright alright
Oh oh oh, pointing fingers with dirty hands
Oh oh oh, pulling triggers, no backup plans
Cause spitting venom, I've got the antidote
I will sink your boat, you'll sink like teeth in your throat
Oh oh oh, I will never stop

So raise your voice, raise your voice And open fight to never let up We're living it up, won't ever let up So raise your voice, raise your voice And open fight to never let up And if I fall I'll rise back up

I will remain (undefeated)
I will remain (undefeated)
I will remain (undefeated)
