Fractal Dimension

Obscura

Piece and piece, composed infinite order
Lacunarity denied

A swarm of harmony, a libertine in disbelief
A symphony of forms, a choral remnant of stars

Quantifying eclectic textures
Intrinsic perfection

Periphery atonality
Errors withheld

A heavenward cathedral of tones
A crystal momentum so pure
A Fractal Dimension
So concinnous and clear

Apollonian multiverse
Of moulds, immortal

A Fractal Dimension, concinnous and clear
