

Best Friends and Lovers

Ocean Colour Scene

Best friends and lovers
Can be the same thing
One or the other
They both bear a ring

Best friends and lovers
No need to feel pain
One or the other
Will be there again

Best friends you're dancing
And lovers disappear
Best friends and lovers
They last in the years

Best friends and lovers
Being jealous or vain
There's one or the other
As heaven in play

Best friends and lovers
Being jealous or vain
There's one or the other
As heaven in play

Best friends and lovers
They can be fools
Each to the other
But never cruel
