

Fly Me

Ocean Colour Scene

Fly me, my hands are free
Won't you fly me

... what you're dreaming of
Write it down and look above
For something that will tell you I watch you
I'm looking for to do

Won't you fly me, my hands are
Won't you fly me

Picture floating in a silent row
Crying out for those who've never learnt
That life is just a story you pass through
While dreaming what to do

Won't you fly me
Won't you please fly me
Won't you please fly me

Won't you fly me...
