

Goodbye Old Town

Ocean Colour Scene

She got robbed oh
So she's leaving town
He's implicated
Something's going down
Meet at the station
Headed for the south
Goodbye old town
Goodbye now
Rolling over,
Lying on the floor
It's complicated,
I want it more and more
Meet at the airport
Flying to the south
Goodbye old town
Goodbye now
She fell and stumbled
Now she's implicated into God, knows
Got lost and follow
Now it's complicated so she's
Running away, running away
Running away, running away from old town
She got robbed oh
So she's leaving town
He's implicated
Something's going down
Meet at the station
Headed for the south
Goodbye old town
Goodbye now
Goodbye old town
Goodbye now
Goodbye old town
Goodbye now
Goodbye old town
Goodbye now
