

Mona Lisa Eyes

Ocean Colour Scene

I've got Mona Lisa eyes
I can stare through all your lies

Maybe they will come tomorrow
Maybe they will come tomorrow
Maybe they will come tomorrow
But it's only another day away

Look down on everything in sight
Look down on everything and say goodbye
And it's only another day away

I've got Mona Lisa Eyes
I've got Mona Lisa Eyes
I've got Mona Lisa Eyes
And it's only another day away
Day away...
