

Beautiful

Oceana

Make me feel beautiful
I can see you got your eyes on me
Listen up and catch my flow
Cause I'm way too shy to speak

We don't have to take it slow
Take my hand and follow me
Show me how you rock my boat
Why put me on?

'Cause, baby, when I drop it
I drop it real low
The way I move my body
You're down for some more
I love the way you push it
Push it so close
Boy you got me in the zone

You make me feel beautiful
And I never seen a boy like you
So beautiful
Ain't nobody do it like you do

Baby, when you hold me
It feels so right
And when you kiss me
You light up the sky
Baby, when we dance
Then we dance all night
Just love me, 'cause it feels so right

Make me feel beautiful
You make me feel beautiful
Whoa

Yeah, I, I've never seen, I've never seen
I've never seen a boy like you
Yeah, I've never seen, I've never seen
I've never seen a boy like you, yeah

Tonight, I'll take you on a special ride
Just tonight
I will be yours and you'll be mine
Only tonight
We're getting higher than a kite
Let's get it on, boy
Put on a show, boy

'Cause, baby, when I drop I
I drop it real low
The way I move my body
You're down for some more
I love the way you push it
Push it so close
Boy, you got me in the zone

You make me feel beautiful

And I never seen a boy like you
(Never seen a boy like you)
So beautiful
Oh, ain't nobody do it like you do

Baby, when you hold me
It feels so right
And when you kiss me
You light up the sky
Baby, when we dance
Then we dance all night
Just love me, 'cause it feels so right

You make me feel beautiful
You make me feel beautiful
Make me feel (You make me feel)
Make me feel
Beautiful
Make me feel (Make me feel)
Beautiful
Oh, make me feel
Make me feel beautiful
