

Thank You

Oceana

Ladies and gentlemen
Here is the man of the evening
None of this would've been
If it wasn't for him lying and cheating

I was dreaming peacefully
Until you woke me up
Felt like this would never end
But you were not the one

So I just wanna say thank you
For bringing truth to your lies
Oh you opened by eyes

Oh I just wanna say thank you
For showing me the light
Oh you opened by eyes

You told me that the water is fine
And I believed you
So I jumped right in the deep end
I felt safe, so full of faith

I was dreaming peacefully
Until you woke me up
Felt like this would never end
But you were not the one

So I just wanna say thank you
For bringing truth to your lies
Oh you opened by eyes

Oh I just wanna say thank you
For showing me the light
Oh you opened by eyes

Oh I just wanna say thank you
For showing me the light
Oh you opened by eyes
