

You Need A Hug

Oceana

You wake up every morning don't knowin' who you are.
Tryin' take a breath I cannot fill you own heart.
You afraid of go to bed at night.
Can't even close your eyes.
How do you go on like that?
Hunted by your lies...

You actin' mean... you actin' though.
Can show no love.
You loosin' in, you breakin' down...
Why you can show no love?
You need a hug, real love, a fresh little breeze, and the sun -
to rise up.
You're not mean,
you need a hug, real love, a fresh little breeze, and the sun -
to rise up.
You're not mean, you need a hug.

Everybody has a story tryin' find that place,
no reason talkin' down to me just lookin' to my face.
You're not the only one,
goin' through some shares.
It's not my fault you'd made a choice,
to be somebody's bitch.

You actin' mean... you actin' though.
Can show no love.
You loosin' in, you breakin' down...
Why you can show no love?
You need a hug, real love, a fresh little breeze, and the sun -
to rise up.
You're not mean,
you need a hug, real love, a fresh little breeze, and the sun -
to rise up.
You're not mean, you need a hug.
