

# You're Not Alone

Of Mice & Men

When your reflection in the mirror smiles back  
It lies you know it  
When you lay your head to sleep at night  
It's filled with every moment  
Every chance you missed to be something  
Or learn from your mistakes

You're not alone,  
You're with me.  
You're not alone,  
You're with me.

Don't let the world bring you down  
There's always hope for the willing  
Don't let the world bring you down  
It's not over  
You're not alone anymore

When it feels like all is lost  
& there's no guide that's left to prove it  
Take a look inside  
Cherish your life  
& live before you lose it  
You're all waiting for the answers  
Keep on searching strength in numbers

Don't let the world bring you down  
There's always hope for the willing  
Don't let the world bring you down  
It's not over  
You're not alone anymore

At the end of the day,  
What will you choose?  
Will you keep moving on or be forced to lose?  
Look inside of yourself cause the power's in you  
There is always hope!  
You're not alone!  
Anymore!

Don't let the world bring you down  
There's always hope for the willing  
Don't let the world bring you down  
It's not over  
You're not alone anymore

Don't let the world bring you down  
Don't let the world bring you down  
Don't let the world bring you down  
Don't let the world bring you down  
Don't let the world bring you down  
It's not over  
We're not alone anymore!
