

## Black Water

### Of Monsters and Men

I need nothing  
To travel the sea  
I need nothing  
I need nothing  
But there's something  
Eating at me  
Black water  
Take over

Swallowed by a vicious vengeful sea  
Darker days are raining over me  
In the deepest depths I lost myself  
I see myself through someone else

The strange silence  
Surrounding me  
Grows closer  
Feels colder  
But I'm ready  
To suffer the sea  
Black water  
Take over

Swallowed by a vicious vengeful sea  
Darker days are raining over me  
In the deepest depths I lost myself  
I see myself through someone else

Swallowed by a vicious vengeful sea  
Darker days are raining over me  
In the deepest depths I lost myself  
I see myself through someone else
