

# Thousand Eyes

## Of Monsters and Men

Undo this storm  
Undo this storm  
Undo this storm  
And wait  
I can't control  
Withering wonders  
Flowers that lose their shape

I lie awake  
And watch it all  
It feels like thousand eyes

I'll be the calm  
I will be quiet  
Stripped to the bone  
I wait

No, I'll be a stone  
I'll be the hunter  
Tower that casts a shade

I lie awake  
And watch it all  
It feel like thousand eyes

I am the storm  
I am the storm  
I am the storm  
So wait
