

## Always Alone

### Off With Their Heads

You can't see it, it's hiding beneath the surface  
Behind the smiles and laughing it waits it out  
It hates everything coming out of their mouths  
It hates how I pretend to care what they talk about  
Something inside you'll never know  
Keeps me from feeling the things that are so  
Standard for most, but not for me  
It makes me smile but we hate everything  
This is why I will always be alone  
This is why I will always be alone

You can't see it, it's hiding beneath the surface  
Behind the smiles and laughing it waits it out  
It hates everything coming out of their mouths  
It hates how I pretend to care what they talk about  
I never meant to make you cry  
I shouldn't be here I'm sorry that I  
Make everything worse when I come home  
I know it's better sometimes when I'm gone  
But I need help, I need someone  
To kill what's been killing my chance to become  
Someone who won't have to live that life alone  
Somebody help me I don't want to be alone  
This is why I will always be alone.
