

Terrorist Attack?

Off With Their Heads

Don't fucking believe everything that you read
Don't trust everything that you see on TV
Subscriptions and ratings are all that they need (YEAH)
They tug at your heart strings to get sympathy
They make their conclusions all based on nothing
And put fear in places they need not be (YEAH)

Don't fucking believe everything that you read
Don't trust everything that you see on TV
Subscriptions and ratings are all that they need (YEAH)
