

Burning All Boats and Bridges

Officium Triste

Things need to change
The past keeps haunting me
I need to get away
From all the memories I still see

Cut all connections
Leave everything I used to be
A logical reaction
Burning everything behind me

No one has to know
Where I'll be, where I'll go
This simply must be done
I have to leave, I want to be gone

I need to reconnect
To a new life without hurt
I surely do expect
This change will be my rebirth

Burning all boats and bridges
My past I have to delete
Burning all boats and bridges
From this life I have to retreat

Things need to change
The past keeps haunting me
I need to get away
From all the memories I still see

Cut all connections
Leave everything I used to be
A logical reaction
Burning everything behind me

Burning all boats and bridges
The purpose to fulfill my need
Burning all boats and bridges
Embracing the sting of this heat

Burn, burn, burn, burn

All boats and bridges have to burn
My life has to take another turn
It surely is in my best concern
A fresh start, what I earn

Burning everything that's my past life
I have to do this to stay alive
Nothing can keep me from living this way
There's no reason for me to stay

All boats and bridges have to burn
My life has to take another turn
It surely is in my best concern
A fresh start, what I earn

Burning all boats and bridges
My past I have to delete
Burning all boats and bridges
From this life I have to retreat

Burning all boats and bridges
The purpose to fulfill my need
Burning all boats and bridges
Embracing the sting of this heat
