

## One with the Sea (Part II)

Officium Triste

Raped by society  
A useless life for me  
Into eternity  
One with the sea

The waves cleanse away the pain  
The salt takes away my name  
Only leaving my soul to be  
Becoming one with the sea

Scarres mind, I want to be free  
A trip to my final destiny  
This afterlife mystery

One with the sea

Usefull life? I disagree  
A hopeless pile of misery  
Into the books of history  
Becoming one with the sea

The waves cleanse away the pain  
The salt takes away my name  
Only leaving my soul to be  
Becoming one with the sea
