

# Nothingtown

The Offspring

**E H C#mi H A H E**

**E**

Let's make this complicated

**C#mi**

Thinking is overrated

**A**

We're busting out

**H**

Of this shitty little town

**E**

Green grass and colored lenses

**C#mi**

Tear down these picket fences

**A**

Burn in our beds

**H**

While the city lies sleeping

**A**

**H**

Why oh why?

**E**

**H**

**C#mi H**

Are we starting up and going down?

**A**

**H**

My oh my

**E**

**H**

**C#mi H**

Just the two of us in Nothingtown

**A**

**H**

Our superhero play

**As**

**C#mi**

We'll leave this town today

**H**

**A**

Hold on tighter

**H**

With my lighter

**E**

**C#mi E H**

Shining through

**E**

These city streets are burning

**C#mi**

Rose red your wheels are turning

**A**

Make me believe

**H**

Someday we could really leave

**E**

Blindfold a new direction

**C#mi**

Stop asking better questions

**A**

Don't figure out

**H**

That we're never getting out

**A H**  
 Why oh why?  
**E H C#mi H**  
 Are we starting up and going down?  
**A H**  
 My oh my  
**E H C#mi H**  
 Just the two of us in Nothingtown  
**A H**  
 Our superhero play  
**As C#mi**  
 We'll leave this town today  
**H A H**  
 And I'll row it if you steer it  
**A H**  
 I'll yell until you hear it  
**A**  
 Hold on tighter  
**H**  
 With my lighter  
**E C#mi E H**  
 Shining through

**E C#mi A H (3x)**

**A H**  
 Why oh why?  
**E H C#mi H**  
 Are we starting up and going down?  
**A H**  
 My oh my  
**E H C#mi H**  
 Just the two of us in Nothingtown  
**A H**  
 Our superhero play  
**As C#mi**  
 Our dreams get in the way  
**H A H**  
 And I'll row it if you steer it  
**A H**  
 I'll yell until you hear it  
**A**  
 Hold on tighter  
**H**  
 With my lighter  
**E H C#mi H A H E**  
 Shining through  
**E H C#mi H A H E**  
 Still stuck in Nothingtown  
**E H C#mi H A H E**  
 Still stuck in Nothingtown  
**E H C#mi H A H E**  
 Come on let's go
