

Don't You Worry

Oh Wonder

We walked the city streets at midnight when the world went quiet
We skipped our dancing feet along beside the taxi rides
If I'm honest, it felt like love

Then all the beats fell in between the silence that we shared
And all the trees were swaying softly in the thick black air
If I'm honest, it felt like love

And you said, "Stay here, darling
Don't you worry 'bout a thing, don't you worry 'bout a thing
I'm right here, darling
Don't you worry 'bout a thing, don't you worry 'bout a thing"

It's us against the world
It's us against the world
It's us against the world

We let the freckles on our faces make a million stars
A constellation so amazing that we saw a spark
If I'm honest, it felt like love

And in the morning you adored me till the sun went down
And then I knew you were the one I couldn't live without
If I'm honest, it felt like love

And you said, "Stay here, darling
Don't you worry 'bout a thing, don't you worry 'bout a thing
I'm right here, darling
Don't you worry 'bout a thing, don't you worry 'bout a thing"

It's us against the world
It's us against the world
It's us against the world

We built a little house and filled it with our little dreams
But shining brighter are the moments that were in between
If I'm honest, it felt like love

And now we're ready for the ending, we're hand in hand
A life so colourful, we didn't even need a plan
If I'm honest, it feels like love

And you said, "Stay here, darling
Don't you worry 'bout a thing, don't you worry 'bout a thing
I'm right here, darling
Don't you worry 'bout a thing, don't you worry 'bout a thing"

It's us against the world
It's us against the world
It's us against the world

So stay here, darling
Don't you worry 'bout a thing, don't you worry 'bout a thing
I'm right here, darling
Don't you worry 'bout a thing, don't you worry 'bout a thing

It's us against the world

It's us against the world
It's us against the world
