

## Heavy

## Oh Wonder

I could be the only, I could be the only one

You got that throne  
Baby you got that throne  
That golden majestic glow  
Delight, delight, delight, delight  
And I got that hope  
Ready electric go go  
Super volcano flow  
Delight, delight, delight, delight

And I could hold you endlessly  
Ultralife just you and me  
Oh my heart is aching  
Feel my body breaking  
There's magic in the way you move  
Stop the world it's only you  
Oh my heart is waking  
Cause I could be your one and only

We can get heavy on it all night, all night, all night  
Shoot into the sky until it too bright, all night, all night  
We can get heavy on it all night, all night, all night  
Shoot into the sky until it too bright, all night, all night

I could be the only, I could be the only one

You got that way  
Baby you got the way with  
Flying me outer space  
Delight, delight, delight, delight  
And I got that taste  
Hope in a one night blaze  
That animalistic chase  
Delight, delight, delight, delight

And I could hold you endlessly  
Ultralife just you and me  
Oh my heart is aching  
Feel my body breaking  
There's magic in the way you move  
Stop the world it's only you  
Oh my heart is waking  
Cause I could be your one and only

We can get heavy on it all night, all night, all night  
Shoot into the sky until it too bright, all night, all night  
We can get heavy on it all night, all night, all night  
Shoot into the sky until it too bright, all night, all night

I could be the only, I could be the only one

I could be the only, I could be the only one  
I could be the only, I could be the only one  
I could be the only, I could be the only one  
I could be the only, I could be the only one
