

I've been walking 'round my neighbourhood  
Windows down, sun is out  
Wish I knew all of the things I should  
My brother tells me not to care too much  
Things get old, love is gold  
Wish I knew how to be free enough

I wanna be a tiger bride  
I wanna be a cloud of white  
I wanna be a mountainside  
I wanna be oceansize

Oceansize  
Oceansize  
Oceansize  
Oceansize

I ain't been talking with my friends too much  
Kinda strange, we never change  
Wish I knew how to be back in touch  
And my brain is saying simmer down  
Keep our voices quiet, not too loud  
But it's scary when there ain't a sound

I wanna be a tiger bride  
I wanna be a cloud of white  
I wanna be a mountainside  
I wanna be oceansize

Oceansize  
Oceansize  
Oceansize  
Oceansize
