

You think you're evil but you're not
Still sucking life from the mainstream
It's so deluded, give it up
What's that you hide behind your pile of shit?
Could it be that I have given up?
Being blind to only what it seems?
It's so deluded give it up
It's an original.

Find out exactly what is meant
To be sbducted in between
Another moment documents
The fleeting magic of what could have been.
Could it be that I have given up?
Being blind to only what it seems?
It's so deluded give it up
It's an original.

I'm sitting on the back porch
So you can make my topic noting, it's all relevant, what?
You want a seat on the back of my porch
To talk and wave a gun,
Come touch my property, rape my bitch
Rape my property as if you made a hitch,
wake up and I feel like shit
It's all right,
It's all right,

It's so deluded give it up
It's an original

Could it be that I have given up?
Being blind to only what it seems?
It's so deluded give it up
It's an original.

It's so deluded give it up
It's an original.
