

Sleep Talk

Ohio Players

Another sleepless night
I long to hold you tight, baby

Your gentle love is very loud
It shakes my soul, it makes me proud
The sounds I make are sounds of love
And in my sleep the voices roar

You've got me talking in my sleep, baby
Into my dreams you softly creep
There's no controlling my own mind
Can't hold our voices back inside, now

Can't hold our voices back inside
Your love is higher than the sky, now
Can't hold our voices back inside
Your love is higher than the sky

Can't hold our voices back inside
Your love is higher than the sky, now
Can't hold our voices back inside
Your love is higher than the sky, now

Your love is higher than the sky
My guitar going to sweet talk for you...
