

They Shoot Children, Don't They?

Oi Polloi

School kids in South Africa gunned down in cold blood
School kids in South Africa gunned down by fascist scum
They shoot children (3x) - don't they?
Thatcher's government number one protectors of the
apartheid regime
And so directly implicated in these kids' murders we have
seen
They shoot children (3x) - don't they?
It's the same in Northern Ireland kids murdered in the
street
Cut down by plastic bullets more corpses at this
governments feet
They shoot children (3x) - don't they?
