

# Down When I'm Loaded

Oleander

who is to blame for the way that you are, the things that you say and  
all the things that you do.  
who is to blame for the way that you feel, the way that your living and  
the way that you deal.

who is right when everyone is wrong was it fate that brought you here  
against all your wishes  
who is to blame for the way that you are was it parental supervision or  
the lack thereof

i get down when i'm loaded  
down when i'm loaded  
oh i get down

who is to blame for the reasons you feel like it's an all or nothing  
kind of situation  
who is right when everyone is wrong was it fate that brought you here  
against all your wishes

it's the sound of super sad  
it's the kind of shit that makes me angry  
your bad, oh waisting your time, your irresponsibility

yeah, so educated, sooooo

i get down when i'm loaded  
down when i'm loaded  
oh i get down  
i get down when i'm loaded  
down when i'm loaded  
oh i get down
