

Until It's Over

Oleander

I wish I could tell you how this feels
But I can't so I don't 'cause you won't hear me
So I won't waste a breath
A fist through the wall and I'm on the floor
Bags are packed and they're by the door
You say you can't take it anymore
Say you've heard it all before

But I ain't going anywhere, not walking
I'm not leaving

Well you can tie me to the bed post when it's burning
Kick me to the crowd when I'm hurting
Nothing in the world could stop me returning
'Cause when you think it's over, it's never over

You hate me so bad, you change like the weather
But when it's going good there's nothing better
Here we go again when we said that we'd never
'Cause when you think it's over, it's never over

You've torn it apart and watched it die
Resuscitated a thousand times
We left each other with another scar
We always take it way too far
The pictures ain't on the wall
I slam the door and you watch them fall
I can't believe that we're here again
It always seems we're here again

But I ain't going anywhere, not walking
I'm not leaving

Well you can tie me to the bed post when it's burning
Kick me to the crowd when I'm hurting
Nothing in the world could stop me returning
'Cause when you think it's over, it's never over

You hate me so bad, you change like the weather
But when it's going good there's nothing better
Here we go again when we said that we'd never
'Cause when you think it's over, it's never over

You can say goodbye but it won't be forever
You can close your eyes, but it won't look better
You can tell me that we don't belong
Without you I'm just not as strong

But I ain't going anywhere, not walking
I'm not leaving

Well you can tie me to the bed post when it's burning
Kick me to the crowd when I'm hurting
Nothing in the world could stop me returning
'Cause when you think it's over, it's never over

You hate me so bad, you change like the weather

But when it's going good there's nothing better
Here we go again when we said that we'd never
'Cause when you think it's over, it's never over

'Cause when you think it's over, it's never over
It's never really over until it's over
