

# LOVE IN THE FOREST

Omnia

Hey this looks like a nice spot.  
Yeah, let's stay here for a while!  
Making love is easy when you're free  
Living wild just like the birds and bees  
In the forest is the place to be  
With my love beneath the trees

Love in the forest...  
Making love' neath the trees,  
Feel nature all around  
Love in the forest...  
Hear the birds and the bees  
And dig the happy sounds?  
Oh yea, did the happy sounds..

Come on take your clothes off , there's no sin  
Feel the summer sun upon your skin  
You and me are one so let love in  
Like a Satyr and a Nymph

Love in the forest...  
Oooh, wyld thing  
Love in the forest...  
You make my  
Love in the forest...  
Oh! Heart sing  
Love in the forest...  
That's what I'm talking about  
Dig the happy sounds now!  
Come on!

Oeh! This is an interesting looking mushroom!  
This is great!  
Isn't it pretty?  
I just love nature..  
we could do it right here.  
on the ground?  
Up against a tree!  
We could do it upside down,  
swing from the branches like little monkeys!  
Oh! look at the pretty birds!  
I like birds!

Ouch! I think I just sat on some nettles?  
Oh sweetie..  
Could you kiss it better please?  
\*female kiss sound\*

Love in the forest...
