

An Infinite Mind

Omnium Gatherum

Nothing wrong with waiting
Yo sit down and relax
The beautiful space
In a quiet place
There is nothing wrong with saying
The right amount of words

For everyone who understands
Summer sun and wider sands

And weary is
What you make of it
Our work a day lives
Are part of it
Patience is the key
Just set yourself in motion
Set yourself free

For everyone who understands
Summer sun and wider sands
