

Get On Top

One Chance

Ay, what's happenin' baby?
This ya Lil Woo Plies man and One Chance
Just was sitting down with the big homies
Having a big boy conversation, dog
They was telling me how they just had a nice Chi-town shawty on top

But I was just telling them about my story
But the 'lil homie's story was more impressing than mine
Let me tell y'all about it

Shawty what's up?
(Up)
Let me know
(Know)
Whatever it is you need
'Cause I'm gonna get this party
(Party)
Started for you
(You)

Make sure you catch you one
(One)
Maybe even two
(I'm cool)
Baby my purpose is to make you feel good
(Feel good)

And put you on this lovin' straight up out the hood
(Out the hood)
Baby, I know you love to ride
(Ride)
Let's switch it up this time
(Time)
Sit back and relax and let me
(Ooh)

Get on top, if you got one coming
Shawty I'm gon' gun it
Back to back and non-stop
I can make you feel right

I can do this all night
Just as long as I
Get on top

Doin' too much moving
I don't want ya to lose it
Back to back and non-stop
I can make you feel right
I can do this all night, just as long as I

Want you to lay on your back
Gon' make you feel special
With my mouth tonight
That's how I'm gon' undress you

If you throw it back to me, makes it even better

L-lick my fingers until she gets it wetter
I'll ease up off if you can't take the pressure

Let me kiss you down there, makes it even better
Trying to make you moan at all different levels
Want you to get on top of me so I can look at ya
Gon' pace yourself, 'cause tonight it's whatever

Want this feeling to end, want us to get stuck together
Let me get you out the bed and sit you on the dresser
When you feel it coming, tell me so we can cum together
Got you where I want 'cause now I can look at ya in the mirror

Pull you closer to me now, so now I can hear you clearer
Can tell you almost there 'cause I can feel ya shiver
When you on top of me baby
That's when you the most serious

Get on top, if you got one coming
Shawty I'm gon' gun it
Back to back and non-stop
I can make you feel right

I can do this all night
Just as long as I
Get on top

Doin' too much moving
I don't want ya to lose it
Back to back and non-stop
I can make you feel right
I can do this all night, just as long as I

That's our story
One Chance, Plies, T-Pain, ha, ha
Ladies, that's how we do it
We the future, Chi-Town all the way to Florida
Yeah, ha, ha
