

## So Grim So True So Real

### One Man Army and the Undead Quartet

Master surgeon-playing, masturbating  
Demonstrating his unholy powers  
Blood brothers pouring out in research  
Laboratory rats - left in the lurch

The mind is burning  
Dirty pale face is shining  
Zombies hunger for the flesh  
Mad laughter of royal triumph  
Sick way of showing love  
Dead people in the kings care

So grim so true so real  
Cold fact is melting, heaven turns to hell  
So grim so true so real  
Unfold warmachine, untold lovin' feelin'

Infernal magic, operating internally  
Hearts freezing, friends can't be found  
War takes us down, standing all alone  
So greet me no more, I'll soon cut your fuckin' throat

So grim so true so real  
Cold fact is melting, heaven turns to hell  
So grim so true so real  
Unfold warmachine, untold loving feeling

The old man's playing with dolls  
Forcing the needle in real hard  
Breaking down the circus of man  
Maybe next time he'll get this shit right

Master surgeon-playing, masturbating  
Demonstrating his unholy powers

The mind is burning  
Dirty pale face is shining  
Zombies hunger for the flesh  
Mad laughter of royal triumph  
Sick way of showing love  
Dead people in the kings care

So grim so true so real  
Cold fact is melting, heaven turns to hell  
So grim so true so real  
Unfold war machine, untold lovin' feelin'
