That's not what I'm saying

You make me feel like I'm nothing

Life They fought and fell and died and never came home For words they fought and words they fell and words alone War I tried to see it your way, tried to see it your way, but words fail me Above all else if nothing else, I can't see my way again, I can't see my way again So here we are Dawn of a new day Fuck how it looks Fuck yesterday I'm not saying forget That's not what I'm saying That's not what I'm saying You make me feel like I'm nothing But that's life Yeah, that's life 50 million A small price for freedom My freedom Fuck freedom if I'm not alive to live it I'll fight for it I won't kill or die for it This is a rich man's world Let the rich man fry for it Strange On no man's land for no man's land how brave how grand how very dead Indeed Норе How many more if any more how many roads before the hand we hold is free I've tried to see it your way, tried to see it your way, reasoned but with Reasoning life only echoes mine Above all else if nothing else, I can't see my way again, I can't see my way again So here we are Dawn of a new day Fuck how it looks Fuck yesterday I'm not saying forget That's not what I'm saying

But that's life Yeah, that's life 50 million

A small price for freedom

My freedom

Fuck freedom if I'm not alive to live it

I'll fight for it

I won't kill or die for it This is a rich man's world Let the rich man fry for it Peace

They fought and fell and died and never came home Words
For words they fell and words they fought and words alone
I've tried to see it your way I've tried to see it your way

Words fool me Words fail me
