

# Sandman

Oomph!

Europe (Europe)  
Wake up! (Wake up!)  
Can't you see your children lined up?  
On the edge of the abyss they wait

Europe (Europe)  
Fucked up! (Fucked up!)  
Scared to go to sleep they stay up  
Prisoners of pain

La-le-lu  
Someone's got their eye on you  
Now the poorest kids are sleeping  
You should sleep too

La-le-lu  
And their little hearts freeze through  
When the other kids are calling  
You're worthless too

Sandman!  
Sandman!  
Please put out the lights  
The truth is a big scam  
So let me dream tonight

Sandman!  
Sandman!  
Stand here by my side  
Sprinkle stardust into my eyes  
And let me sleep 'til I die

Europe (Europe)  
Wake up! (Wake up!)  
Can't you see your children hate us?  
Slowly, surely they are damned to flames

Europe (Europe)  
Fucked up! (Fucked up!)  
Like a big casino gone bust  
Everyone's for sale

La-le-lu  
Someone's got their eye on you  
Now the poorest kids are sleeping  
You should sleep too

La-le-lu  
And their little hearts freeze through  
When the other kids are calling  
You're worthless too

Sandman!  
Sandman!  
Please put out the light  
The truth is a big scam  
So let me dream tonight

Sandman!  
Sandman!  
Stand here by my side  
Sprinkle stardust into my eyes  
And let me sleep 'til I die

"And let them eat cake," someone said  
When all the children want is bread  
Screaming their lungs out every night  
The hunger burning deep inside  
"And let them eat cake," someone said  
Until the day she lost her head  
Let me show you prosperity  
When children long for what they need

Sandman!  
Sandman!  
Please put out the lights  
The truth is a big scam  
So let me dream tonight

Sandman!  
Sandman!  
Stand here by my side  
Sprinkle stardust into my eyes  
And let me sleep 'til I die
