

# A Night In Vienna

Opus

I can't say I love you  
When my love isn't true  
Can't say everything is  
bright  
And the Danube is blue  
I can't sleep in your arms  
Don't need all your charms  
Sometimes when the evening  
comes  
I wanna see you again  
At night in Vienna  
I'm dancing in the streets  
Join the dancers and romancers  
allnight long  
At night in Vienna  
I'm walzing to the beat  
Dancing a night in Vienna to  
your heartbeat  
I can't say that I try  
To live under your sky  
Can't say I'll come back to you  
Not even then when I die  
I can't say that I swear  
Stop breathing your air  
One night every now and then  
I'll come back again  
At night in Vienna...  
When the night is gone with  
the morning sun  
I'm blinded by that shine  
I know you can't sacrifice your  
pride  
Like a Valentine  
And there is one thing on my  
mind  
Our love comes to an end  
You will find no need to  
understand  
At night in Vienna - No no, no  
no, no no no no  
A night in Vienna - No no,  
Tastes so bittersweet - No no  
Dancing a night in Vienna to  
your heartbeat  
A night in Vienna...
