

Labyrinthine Whispers

Order From Chaos

Oft spoken of only in Whispers
The true embodiment is enshrined
Its roots reach down through slumbered soils
Swift branches scrape the skies
Yet instinct and passions ensnare
Opposing reason and restraint
And woven mortal passages freeze
Enclosing a limitless beast

Labyrinthine Whispers
Corridors within- a sacred dance
Manifest ascendant
Labyrinthine Whispers
Ultimate journey to revelation
Bittersweet embodiment

Alas this fragile hour endures
Enthroned in the temple of being
The vital body as animate
Imprisons the captive soul
A circle of odds with center
At the pathos that dwells within
An inner serpent that though crucified
Can still remain alive

Labyrinthine Whispers
Corridors within- a sacred dance
Manifest ascendant
Labyrinthine Whispers
Ultimate journey to revelation
Bittersweet embodiment

Awakened from the dark and dreaming
Out of the watery vault
The faintest whisper wanders mortal
For one desolate hour
Clashing sands of Megiddo
Span across the Labyrinth
Rites of passage dual natures
Corridors entwine

Join your brethren dissolve again
Into native infinity
Gateway beckons from the center
Resign the body to the ground
The ebbing light of wanton years
Waning rays spurn the sun
Abandoned halls fleeting shadows
Truth unveiled Labyrinthine Whispers

Beyond the poisoned Whispers
Of the Labyrinth...
