Pure

Orgy

Don't you bring me down
Kick me when I'm down

Put me away again
Every now and then
Your bottle spinning my fate
As I hold my breath
And you say you don't want any part of this now
Where did it go so wrong

I guess I'm finally finding out
It's got me tripping now
The little things, everywhere I go
It's such a shame
Why you held on, so long
Why don't you confuse me a little more?
Confuse me

And I never thought that you
Who would believe that I wasn't good enough?
Those things I never thought you'd do
You got the best of me

You got the best of me, when you said you didn't love me anymore
And I know, this will be the last time

You've got me, running in circles like a freak
So why do you try, to kick me when I'm down
I'm down, all the way down

Put me away again
Every now and then
Your bottle spinning my fate
While I hold my breath
Don't sweat the lies that you say I control
Confuse me a little more
(Confuse me)

And I never thought that you
Who would believe that I wasn't good enough?
Those things I never thought you'd do
You got the best of me
You and all your secrets don't need me
You got the best of me, when you said you didn't love me anymore
And I know, this will be the last time
You've got me, running in circles like a freak
So why do you try to, kick me when I'm down
I'm down

So when you say you've let me go, let me go
'Cause you didn't care about this, sorry you
I guess you'll be all right
Now that you've got things to go your way

How could you be like this?
This it the last time but you don't hear me though

You got the best of me, when you said you didn't love me anymore
And I know, this will be the last time
You've got me, running in circles like a freak
So why do you try to, kick me when I'm down
I don't understand the way
That you're thinking, thinking, Andrea

Who could believe that I wasn't good enough?
Who could believe that I wasn't good enough?
Confuse me a little more
Who would believe that I wasn't good enough?
Who could believe that I wasn't good enough?

You got the best of me, when you said you didn't love me anymore
And I know, this will be the last time
You've got me, running in circles like a freak
So why do you try to, kick me when I'm down
I don't understand the way
That you're thinking, thinking, Andrea
