

# Better With You

Orianthi

I'm fine  
All by myself alright  
Don't need nobody's help  
Rolling on my own  
So far I've had a pretty good time  
I make the most  
Of all life's giving  
Yeah I toast  
I'm cooler, I've seen  
So far it's been one hell of a ride

Oh, I'm good but I'm better with you  
So good but I'm better with you  
I never saw it coming  
Something's got me running  
Never thought my life was missing something  
Had it all together til you brought me heaven  
I'm good but I'm better with you  
So good but I'm better with you

Life's sweet  
Sitting in the passenger seat  
You got me laughing so hard that I can't breathe  
And I feel more alive than a new york city street  
Yesterday  
Man I thought I had it made  
But looking in your eyes the sun shines brighter  
Everything's changed  
My heart's on fire and you're to blame

Oh, I'm good but I'm better with you  
So good but I'm better with you  
I never saw it coming  
Something's got me running  
Never thought my life was missing something  
Had it all together til you brought me heaven  
I'm good but I'm better with you  
So good but I'm better with you

I'm good but I'm better with you  
So good but I'm better with you  
So good but I'm better with you  
So good but I'm better with you

I never saw it coming  
Something's got me running  
Never thought my life was missing something  
Had it all together til you brought me heaven

I'm good but I'm better with you  
So good but I'm better with you  
I'm good but I'm better with you  
So good but I'm better with you  
I'm good but I'm better with you  
So good but I'm better with you  
I'm good
